Cool things Purple can do

Purple talks! In *Play* room: start with **say** or end with **!**
In *Music* room, press **Tab** to speak letters out loud

No wrong notes. Four instruments that sound good whether you mash the keys or play on purpose. **Enter** switches instrument, **Arrows** change the musical key.

Loop like a DJ. Hold **Enter** to record a tune, loop it, and play on top to add to it.

400+ emojis and 90+ color names built in. **Tab** to autocomplete. Mix them: *3 x 2 bright violet dinos*

Bring numbers to life. Count with dots or emojis, watch big numbers build an abacus, and do real math.

Real code! Open *Code Space* in *Music* and *Art* rooms by holding **Space**. Type letters and commands to draw and play music: *asdf • repeat 3 asdf • down 10 green*

Key colors. Every letter and number has a consistent color across rooms. Use the keyboard sticker sheet!

Made for little hands. Forgiving spelling and math. Sticky Shift: tap **Shift**, no need to hold it.

Parent menu. Hold **Esc**. **Littles Mode** locks to *Music*, *Art*, or *No-Screen Music*. **Silent Mode** turns off sound.
