2 Rooms

Videos and help: purplecomputer.org/help

Tap Esc or ~ to pick a room, then press its number.

1 Art

Every letter paints its color. Space puts the brush down so arrows paint. Tab switches between colors and letters.

2 Music

Every key plays a note. Enter changes the instrument. Tab switches between music and saying letters.

3 Play

Type words, math and colors, then Enter. `red + blue` `cat * 5` `dog + cat` `2 + 3` `say I love cat`

4 Blocks

Every letter places a 3D block. Enter builds up. Tab turns the room around. Hold Tab to look from above.

Also in the Esc menu

T Time Travel
S Save
O Open
Space Write code

2 Cool things to try

Purple talks. In **Play**, add `!` or start with **say**: `hello!` or `say I love you`. Tab also turns talking on.

Loop like a DJ. In **Music**, **hold** Enter to record a tune, then play along with it.

Colors mix like paint. Hold two letters in **Art** or **Blocks**: F + V makes green. \ opens every color.

Letter sounds. In **Music**, press Tab and keys say their letters. Enter switches between letter names and sounds. Type `cat`, then Space to hear the word.

Rewind anything. Press Esc T for **Time Travel**, then hold ← to watch the room go backward. Enter restores to that moment.

See your own code. Paint or build something, then hold Esc and press Space. Purple shows the code for what you just did.

Made for little hands. Tap Shift, then a letter, for a capital. No need to hold two keys. Typos are okay: `2 plsu 3` or `2++3` still makes 5.
