Cool things to try

Colors mix like paint. Hold two letters in Art or Blocks: F + V makes green. \ opens every color.

Purple talks. In Play, add ! or start with say: `I love you!` . Tab turns talking on.

Loop like a DJ. In Music, **hold** Enter to record a tune, then play along with it.

No wrong notes. Every key sounds good together. Arrows change the key.

Nothing gets lost. Every room is kept. Esc T rewinds to any moment, even after a big erase.

Keys match stickers. Each letter paints the color on its sticker.

Made for little hands. Tap Shift, then a letter, for a capital. No need to hold two keys.
