# 2 Rooms

Videos and help: purplecomputer.org/help

Tap Esc or ~ to pick a room, then press its number.

## 1 Art

Every letter paints its sticker color. Space puts the brush down so arrows paint. Tab switches to letters.

## 2 Music

Every key plays a note and lights up. Enter changes the instrument. Tab switches to saying letters.

## 3 Play

Type words, math and colors, then Enter. `red + blue` `cat * 5` `dog + cat` `2 + 3` `say I love cat`

## 4 Blocks

Every letter places a 3D block. Enter builds up. Tab turns the room around. Hold Tab to look from above.

### Also in the Esc menu

- T Time Travel
- S Save
- O Open
- Space Write code

# 2 Cool things to try

**Purple talks.** In Play, add `!` or start with `say`: `hello!` or `say I love you`. Tab also turns talking on.

**Loop like a DJ.** In Music, **hold** Enter to record a tune, then play along with it.

**Colors mix like paint.** Hold two letters in Art or Blocks: F + V makes green. \ opens every color.

**Spell a word.** In Music, press Tab, then type `cat`. The cat shows up, and Space says it.

**Rewind anything.** Press Esc T for **Time Travel**, then hold ← to watch the room go backward. Enter keeps that moment, even after a big erase.

**See your own code.** Paint or build something, then hold Esc and press Space. Purple shows the code for what you just did. More on card 3.

**Made for little hands.** Tap Shift, then a letter, for a capital. No need to hold two keys. Typos are OK: `2 plsu 3` or `2++3` still makes 5.
