2 Rooms

Videos and help: purplecomputer.org/help

Tap Esc to pick a room, then press its number.

1 Art

Every letter paints its sticker color. Space puts the brush down so arrows paint. Tab switches to letters.

2 Music

Every key plays a note and lights up. Enter changes the instrument. Tab switches to letters that say their names and sounds.

3 Play

Type words, math and colors, then Enter. `red + blue`

4 Blocks

Every letter stacks a block. Enter builds up. Tab turns the room around. Hold it to look from above.

Also in the Esc menu

S Save
O Open
Space Write code

2 Cool things to try

Purple talks. In Play, add `!` or start with `say`: `I love you!`. Tab turns talking on.

Loop like a DJ. In Music, **hold** Enter to record a tune, then play along with it.

Colors mix like paint. Hold two letters in Art or Blocks: F + V makes green. \ opens every color.

Spell a word. In Music, press Tab, then type `cat`. The cat shows up, and Space says it.

Rewind anything. Press Esc T, then hold ← to watch the room go backward. Enter keeps that moment, even after a big erase.

See your own code. Paint or build something, then hold Esc and press Space. Purple shows the code for what you just did. More on card 3.

Made for little hands. Tap Shift, then a letter, for a capital. No need to hold two keys.
